TRAINING

All players are now working on their set plays and systems for matches. Our training schedule has incorporated both skills and strength and conditioning for players but it is the knowledge imparted by our coaches with regards to where to stand and how to anticipate that is important in a player's development. Various numbered set plays are taught to the players from a very young age so that as they progress to not only higher divisions but higher age levels, they are akin to the demands placed at those levels.

Parents with daughters in 13 & Under and 15 & Under are encouraged to ask their daughters to explain to them some set plays so that it aids in the development of the player.

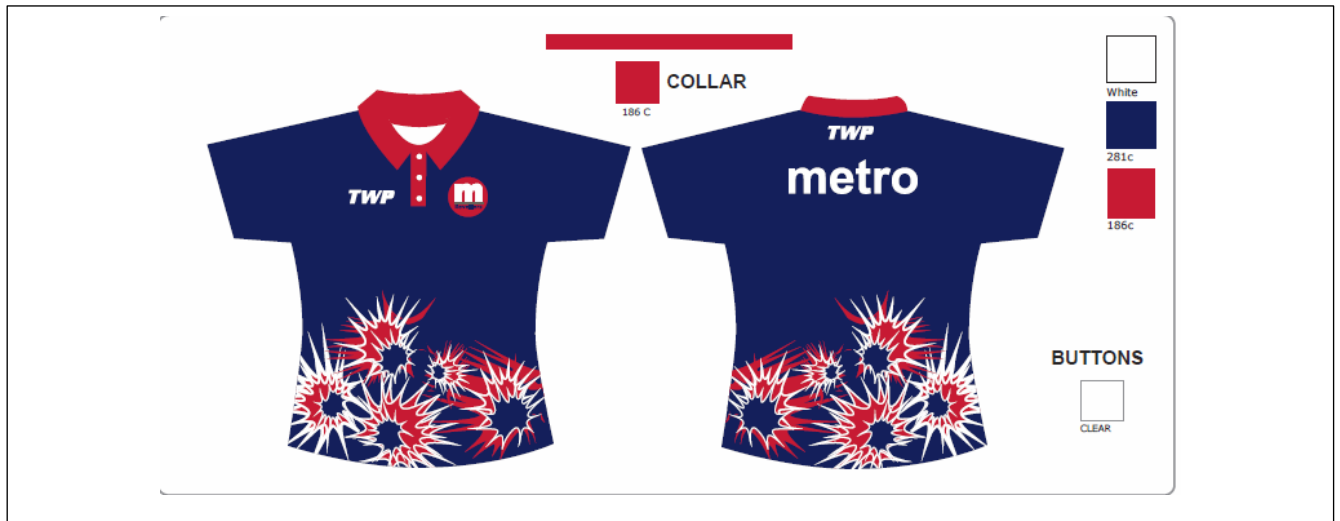

FEES

The final installment of fees is due by Saturday 16 April. Our match fees are due at Netball Victoria by 20 April. Please email Ferruccio (Ferruccio@metrorevellers.com.au) if you unable to pay your fees by this date.

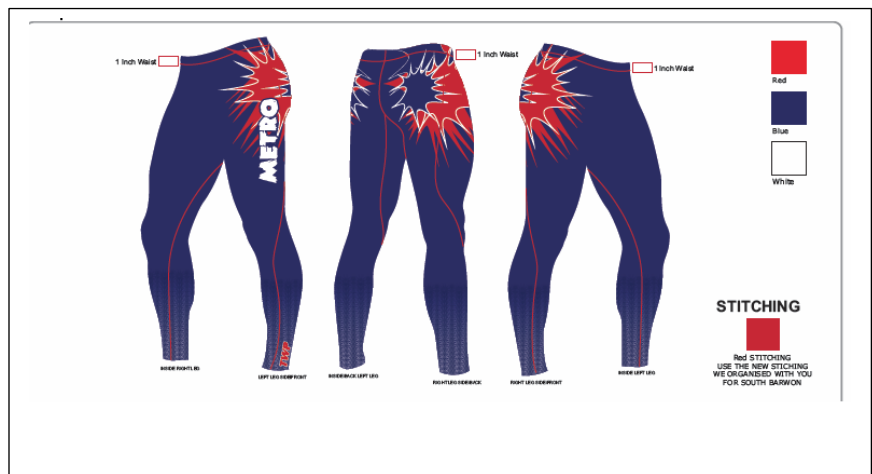

New invoices for the Spring Season will be emailed out in May. A key date is 27 May, where all players are to register for the Spring Season by paying a \$50 deposit.

UNIFORM

The first order of Warm-Up Match Tops was placed a few weeks ago. The final design can be seen below:
