Re: Metro Jets Program Autumn 2017

We are thrilled to embark on our next stage of the metro Jets program for 2017. Coaches have been overawed by the talent and enthusiasm which not only the players have shown but also family and friends towards this new development at our club.

Process

Successful Jets players will receive a text in the next 48 hours informing them to send an email to metro@metrorevellers.com.au with whether they accept or decline the offer. This email is a symbol of a contract made between the player and the club. It binds the following clauses:

- *Attendance to training on Friday nights*
- *Attendance to matches*
- *Attendance to extra strength & conditioning sessions as required*
- *Wear the full club uniform as required*
- *Attend tournaments for TID as required*
- *Attend trials for TID as required*

Unsuccessful players will be notified of an alternative program which will still enable them to be selected for the Jets program in the Spring Season in 2017 or they may be called up throughout this season due to injury. The alternative program includes playing on Monday nights indoors in A-Grade and/or on Thursday night indoors in B-Grade. Another alternative for 17 years and lower includes 17 & Under on Saturday afternoons at Parkville. An alternative for 15 years and lower include 15 & Under on Saturday afternoons at Parkville as well.

Our junior, 13 & Under, 11 & under and Set program will continue to operate on Saturdays at Parkville as normal.

Team Names
